

MADE IN FRANCE

PHOTOSYNTHETIC  
ACTIVATOR

# ACTIGREEN

NASAA ORGANIC CERTIFIED

## WHY APPLY ACTIGREEN ?

Actigreen is the original 'CO<sub>2</sub> fertiliser' enhancing photosynthetic activity and the efficiency of water use for photosynthesis by increasing stomatal conductance. A unique Calcium product obtained through a patented micro particle process using pure calcite.

## CROP RECOMMENDATIONS

All Crops.

## RATE

1-2 kg/ha by foliar application

**Calcium (Ca): 29.8%**  
**Magnesium (Mg): 1.8%**  
Form Powder  
(Micronised calcite)  
Pack size 5 kg
